

DJ Hullewud and DJ Chase March present The MIX(ed)TAPE 2

Two years ago, DJ Hullewud and DJ Chase March teamed up to create an original project to harken back to the essence of hip-hop. A time when you could hear your favourite deejays throwing down mixes on cassette. These tapes weren't simply a collection of songs or throwaway tracks. They featured new music that was mixed and blended together seamlessly. It was a golden era for the mixtape.

Well, that era has finally returned.

DJ Hullewud and Chase March proudly bring you the second installment of their MIX(ed)TAPE series. Their goal is to showcase the art of deejaying while sharing music they love. These songs will have your head nodding.

The MIX(ed)TAPE 2 features new and unreleased jams that were exclusive to this mix at the time of its release. There are some world premieres on here and some tracks you won't be able to hear anywhere else.

This is hip-hop at its finest. 2 DJs. 2 Sides. 31 tracks. Dope beats and rhymes. No Filler.
